## EXPERIENCE

### SHOPIFY DEVELOPER | 06 Months

#### Volpea Solutions | Gulberg Greens Islamabad

05 December 2023 - 05 May 2024

- Worked as a **Shopify Developer** at **Volpea Solutions**, focusing on enhancing and optimizing e-commerce experiences.
- Implemented frontend features using HTML, CSS, JavaScript, and Liquid code.
- Assisted in testing, debugging, and ensuring cross-browser compatibility for Shopify stores.

### SHOPIFY FRONTEND DEVELOPER | 03 Months

#### EcomExperts | Canada | Remote

June - August 2024

- Worked as a **Shopify Frontend Developer** at **EcomExperts**, creating custom sections for flexible content layout, consistent branding, and a seamless user experience across the store.
- My expertise extends to product listing optimization, enhancing the display and categorization of products for better visibility and user engagement.
- I am proficient in integrating third-party apps and APIs to enhance store functionality and performance. I also focus on responsive design, ensuring the store is accessible and user-friendly across all devices.

## EDUCATION

VIRTUAL UNIVERSITY OF ISLAMABAD

COMPUTER SCIENCE - **BSCS**

EXPECTED GRADUATION:

[ **March 2026** ]

CURRENT SEMESTER: **6th**

## SHOPIFY DEVELOPER | PRESENT

### Node Agency | Gouri Town VIP Islamabad

August 2024 - PRESENT

- As a **Expert Shopify Developer** at **Node Agency**, I design and implement custom Shopify sections that enable dynamic and flexible content layouts, aligning with branding guidelines to create a cohesive and engaging user experience.
- Developed and launched several Shopify stores, each customized to meet unique brand requirements and provide a user-centric shopping experience.
